# PilePad? Here's How It Works

## NOT MESSING AROUND

- Water submerge tested
- 2 or 3 in. foam thickness
- 2mm Neoprene cover

## SAFELY STRAPPED IN

- Heavy-duty straps
- "No fly" strap clip
- High-grade buckles
- Easy to adjust

## BUILD WITH MINICONNECT

- Height extension system
- No tools required
- Unlimited connections
- +1 Mini for 73" pad height
- +2 Minis for 97" pad height
- +3 Minis for 121" pad height

# pilepad

## MINICONNECT

### CONNECT EASY

Purchase PilePad Minis and connect them to PilePad using its included hidden zipper system. Included with PilePad and PilePad Slim.

### FLUSH FRONT

Zip at the back, and watch your PilePads fuse at a safe angle, leaving you with complete piling coverage.
